

M:Tech is a creative composition course in which children create exciting music using the latest music technologies. The course is available to children in KS2 and is suitable for all levels of musical ability.

M:Tech children will be exploring the exciting world of creating music to moving images.

This term they will be working on Project 'Movie' Discover how music can be composed to highlight different characters, moods and settings as you create your very own blockbuster soundtrack.

A digital download is emailed directly to parents and a Certificate will be given out in assembly at the end of each term. This course is administered directly by M:Tech and so to register your child's interest please sign up online at www.mtechonline.co.uk or contact Pia Gray or Rebecca McLaughlin on 01483 578114.

M:Tech costs £160 per term with weekly sessions of 30 minutes. Please note: It is important to understand M:Tech is not a club or an activity. It is a group instrumental lesson teaching creative composition with a clear graded learning curve, therefore we apply the same terms and conditions as for instrumental lessons notice is required by half term in order to stop at the end of term.
