

EASTER 2018

10<sup>TH</sup>-13<sup>TH</sup> APRIL

CULDEN FAW ESTATE, HENLEY

OPPIDAN  
**CAMPS**

## OVERVIEW

In the summer of 2016, Oppidan put on their first outdoor educational summer camp for prep-school children. The feedback was universally positive and Oppidan Camps was born. Since then, Oppidan has expanded the concept to run camps for children aged 8-13 throughout the year in the UK and abroad.

“ I appreciate what Oppidan are doing, treating children like young adults, stimulating their learning and having fun. You are really onto something here, filling a great need for parents. His confidence, self-esteem and self-worth are through the roof. This is a godsend, thank you. ”

**MR. VELEZ, FATHER OF YEAR-6 STUDENT**

Oppidan's Easter Camp incorporates a 3-night, 4-day program of tailored Common Entrance revision, super-curricular academics, outdoor sports, practical skills, team games, cooking and camping. Children are treated like adults, have the chance to try their hand at a host of new skills, make friends and come away feeling better prepared for their summer exams and school transitions, with an increased sense of confidence and perspective about their learning.

Our camps are a demonstration in action of the ethos that we promote through our one-on-one mentoring. They are evidence of the success and value in the teaching of the soft skills that are the most important for children to learn as they grow up.
