Introducing School Fee Plan (SFP) – your monthly payment option

As parents, we all want to give our children the best possible start in life, and a private education is one of the key ways in which we can equip them to take full advantage of the opportunities that life will bring.

SFP can help you do just that. Our payment smoothing service allows parents to spread the cost of school fees rather than paying a lump sum as each terms invoice is split into manageable monthly instalments. You simply need to be a UK resident aged over 18 with a bank account that supports payments by Direct Debit.*

Who is SFP?

SFP is the market-leading school fee finance provider in the UK. We are trusted by hundreds of schools and thousands of parents to help spread the cost of independent school fees.

We are part of Premium Credit Limited who are the number one insurance premium finance company in the UK and Ireland. In 2016, we helped over 2.5 million customers, processed more than 30 million Direct Debits and achieved advances of £3.6 billion.
